Dear Mother,

I graduated today and we had a very nice ceremony. I'm sending you my diploma, but I want you to keep it handy because I might need it again and if I do I'll write for it.

I'm not supposed to discuss where I'm going so I'll just say that I'll probably be leaving here soon.

I guess the us boys that's been together for seven months will all be split up but I hope to meet up with just as fine a fellow as they have been. I'm going to hate to leave them.

I received Howards, Ferns, and
Coleen's I'll try to find time tomorrow
to write them.

I received letters from Edith and
Edna yesterday and they both seem
to be happy and content.

Well Mother I'll probably have
more time and something to say at
my next back so I'll close.

Lots of love Carl.
