Miss Donna Williams
Kernal Utah.

March 15

Dear Donna,

Thanks for the nice letter, I really appreciate it. Its raining again today, and the water runs like it was dropping on glass.

I have a ship assigned to me here on the field, and they call me a crew chief. I'm still flying, but its on a transport and not a bomber. I'm losing my lilley white hand, because I have to work in grease all day, at least 12 hrs of it anyway.

Its very difficult to write letters because I don't know what you would like to hear.

I haven't been to town as yet so I can't say anything about it. The field here is quite nice, except its spread over about 1,000 acrs. and any time I want to go anyplace I take a bus.

Did Floyd go into the army as yet?

If not see if you can find out when he's going.

Give the only one home that I'm writing to so keeps me up on all the new happenings. Write soon, and be good. Love Carl.
