March 23,

Dear Donna,

Thanks for your nice letter, just keep them coming. When do you graduate from school? What are your plans for next summer?

I'm still working as a crew chief, but I haven't started flying as yet. I expect to start on the first.

I went to a little town of Vincennes Indiana yesterday on my day off, but I didn't stay long. I left my watch at a jeweler and came back to camp. Then I went to a show. Keep your powder dry. All it ~~was~~ contained was propoganda about the Wacs.

Well honey, how would you like to send me a picture of yourself. I'd love you for it if you would. My pal here laying here on the bunk I'm writing on thinks He's got the best looking girl, and I claim that you are twice as good looking as He is, but I have no picture to prove it. I should see your little saying

at the bottom of your letter. I says, That's what
I mean see my girl can't be beat in looks
she's got everything including a very nice personality.

Honey I go to work at 5:00 P.M. and its 4:30
so I'll say good by for now.

Be good and write soon.

With all My Love, Carl.
