

Items 11, 12, and 13 : see copies.

Census 1850, place : Vilby

shows Lorentz Lorentzen, 57, a farmer, from Skjævinge - which is wrong.

and Wilhelmine Jacobsen, 61, his wife, from Holstein and Doris, 21, unmarried, their daughter, likewise born in Holstein. Which is right for her, but not for her mother - who was born in Schleswig.

The other person, Andreas Petersen, is a farmhand.

Census 1855, place : Vilby

shows Lorentz Lorentzen, 62, a farmer, from Skjævinge and Wilhelmine Jacobsen, 66, his wife, from Holstein and Doris, 26, their daughter, born in Kiel, married with Hans Petersen, 31, born "here in this parish", i. e. Vilby, and their children Margaretha, 3, and Ernst, to be one year old at the end of the year.

The other person, Ane Pedersdatter, is a maid servant.

Census 1860, place : Vilby

shows Lorentz Lorentzen, 67, a retired farmer, from Skjaevinge and Wilhelmine Jacobsen, 71, his wife, from Quern (which is in the Duchy Schleswig)

Census 1834, which you have, shows your ancestress as Margaretha. You can see from the three census of 1850, 1855, and 1860 how unreliable the data are.

There is no trace of a birth in the parish Skævinge for a Lorenz Lorenz around 1793.

No confirmation record, either, some 15 years later.

Margaretha Jacobsen was born in 1794. All census records mentioned have her age wrong.
