Mrs. Molly E. Spencer,  
123 E. Coco Street,  
Compton, California.

Dear Mrs. Spencer:

The Engineering Department of the City of Dallas has been requested to see what could be done about the opening of Carpenter Avenue from Second Avenue northward.

This project will necessitate the taking of a strip of ground off the west side of the Cemetery, which is located at the rear of the Old Lagow School. In order to utilize the strip of ground above mentioned, it is necessary to get the written consent of the nearest of Kin to rebury in another portion of the same cemetery, those now buried in this strip. The City of Dallas will bear the expense incident to the re-burial of the bodies.

As the Cemetery is now situated, it is impossible for those wishing to enter to do so without trespassing. Whereas, by the present proposed plan, access to the grounds would be possible along the entire western side.

It is our understanding that you are directly related to the members of the Wright family buried in the above named Cemetery. If the plans meets with your approval, will you kindly list the names on the attached sheet of those of the Wright Family buried, who through Kinship you have authority to speak for in the matter of reburial.

Yours very truly,

  
E. A. Wood.  
City Engineer.
